

# WATER BOTTLE PALLETS

## Material Handling Systems

The Water Bottle Pallets Range is proudly Australian made, owned and fully-certified with over 40 years of proven design and durability. They provide increased storage, added security, a safer working environment, less manual handling, and a more environmentally friendly method of commercial and warehouse storage.

Self-Locating  
Crush Bent Lid  
Rails

### Key Features

#### Stackable

Self-locating crush bent lid rails facilitate stacking, enabling 3 high static stacking under full load.

#### Safe Working Load

Each rack is structurally certified to carry an evenly distributed load of 750 kg.

#### Transportable

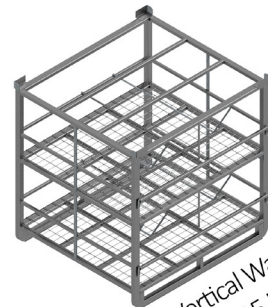

Structurally certified to carry 2 high under full load while plastic sleeves on glide rails provide protection in transit.

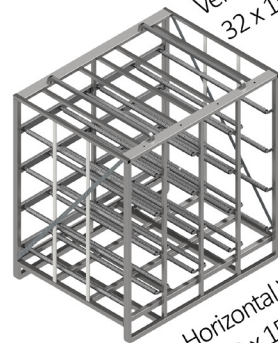

#### Movable

32 glide rails slope 20mm from front to rear to prevent water bottles sliding out when being moved by forklift.

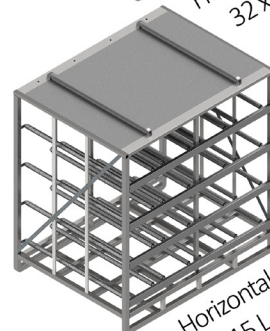

### Water Bottle Pallets Range

Vertical Water Rack  
32 x 15 L Capacity

Horizontal Water Rack  
32 x 15 L Capacity

Horizontal Water Rack  
32 x 15 L Capacity w/ Lid

# WATER BOTTLE PALLETS

## 32 x 15L Horizontal Water Rack

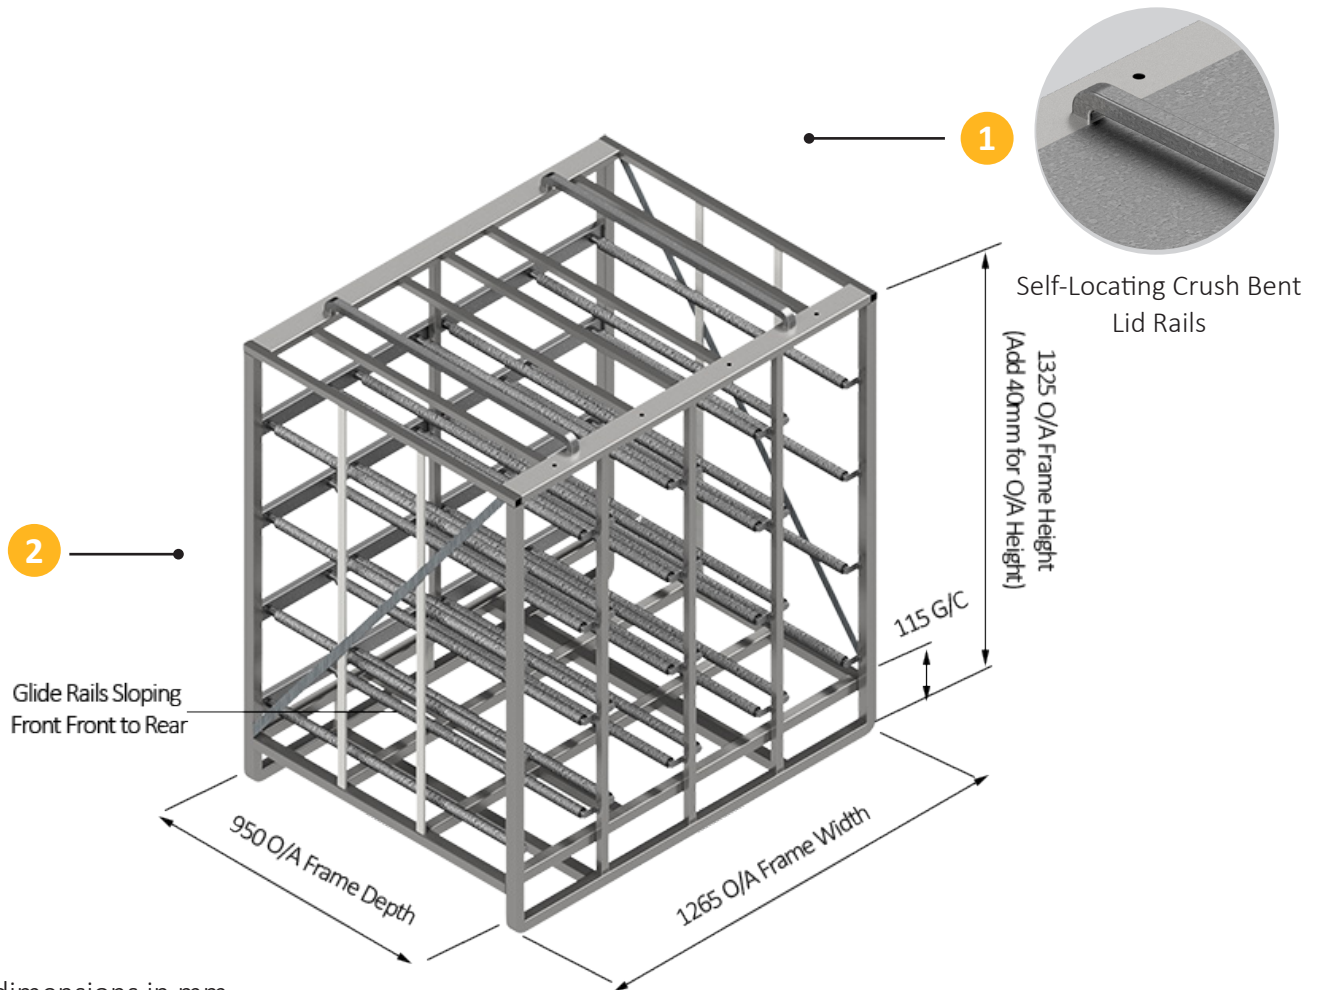

The Water Bottle Pallets Range is a range of water bottle pallet racks that are designed and built to last. They provide a safe, secure, and convenient way to handle bottled water as they enable easy access and speed up the loading, handling and storage of bottles. An optional galvanised sheet lid for protection from direct sunlight when stored outside is available at request for an additional cost.

### Technical Specifications

- 1 Self-Locating Crush Bent Lid Rails
- 2 Unit weight of 98 kg / 107 kg with lid

### Pallet Dimensions and Features

\*All dimensions in mm
